Welcome to Key Largo Ocean Resort

In the heart of Key Largo, where beautiful sunrises greet the day and ocean breezes invite you to slow down, you will find Key Largo Ocean Resort, our cherished piece of paradise.

Our story began in 1970 as a trailer park. Many families who have been here since those early days remain part of KLOR, passing their love for this community from one generation to the next. Today, beautiful homes, many valued at more than a million dollars, combine the charm of Florida Keys architecture with modern designs. As new homes are built, our community continues to grow while preserving the friendships and traditions that make it special.

What makes KLOR truly special is our people. Our residents bring together different cultures, backgrounds, and generations, united by their love for this community. For many, this is their dream home. For others, it is a treasured family retreat where children grow, neighbors become friends, and families make memories together.

The professionalism, vision, and dedication of our Board of Directors and Architectural Review Board (ARB) members have helped shape the design and character of our community. Their guidance and continued support of our professional management team help maintain our standards, care for our surroundings, and guide our growth. Together with the pride and involvement of our residents, these efforts help make KLOR one of Key Largo's finest communities.

Our beautiful landscape and coastal surroundings bring nature into everyday life. Since 1970, generations of children and adults have enjoyed discovering nature and finding peace by the water. Whether strolling along our scenic pier, taking in the views on the east side of the marina, or spending a quiet moment at our beloved **Rotonda**, residents find beauty and peacefulness that are hard to find elsewhere.

Our amenities include a clubhouse with a gym, swimming pool, and terrace, along with basketball, tennis, and pickleball courts and a children's playground. Our marina has a boat ramp and private slips with direct ocean access. Ocean views and breezes can be enjoyed throughout the year in our private community, which has 24-hour security.

Miami-Dade County is a short drive north, and the Overseas Highway connects us to Islamorada, Marathon, and Key West. With local restaurants and shops nearby and so many ways to enjoy the water, from boating and fishing to snorkeling and scuba diving, our little paradise is a peaceful home base for exploring the Keys.

Here, everyday life can feel like a year-round vacation. A sunrise by the water, a child's laughter at the playground, or an evening shared with neighbors becomes another memory for families to cherish and pass down through generations.
